WORK EXPERIENCE

07/2023 – 09/2025 – Michelin – Querétaro, Mexico

Global leader in tyre manufacturing and mobility solutions, operating across 175+ countries

Accounting Analyst

- Led month-end close processes at a multinational level, ensuring accuracy and compliance of financial reporting with IFRS group standards and local Mexican GAAP, using Oracle ERP and internal financial systems.
- Diagnosed and redesigned transactional workflows through business process analysis, reducing processing time and operational costs; acted as primary point of contact for internal and external auditors, delivering timely and accurate financial documentation.
- Scoped and delivered a process automation project across 3 U.S. legal entities, eliminating manual steps in recurring accounting activities and improving cross-entity reporting efficiency.

LANGUAGES

Spanish - native speaker

English - C1 (TOEFL IBT, 2025)

Italian - B2

IT SKILLS

Advanced Excel, Power BI, SAP, Oracle, R, Python | Machine Learning, Generative AI tools, Big Data Analytics, NLP applications
